

2016 CHAIRMAN'S REPORT

It is my pleasure to report on the Coopers Brewery Foundation activities for the 2016 year.

Once again it is my sad task to make special mention of the passing last November of our Patron and former Managing Director Bill Cooper OAM. Bill had served the Brewery for almost 50 years and had been Patron of the Foundation since its inception. He was a generous donor and great supporter of the Foundation, and was immensely proud of the growth and achievements the Foundation had made in its first ten years. As a father and leader Bill was a good moral compass for Tim and me, both at home and here at the Brewery, laying the foundations for the success we enjoy today.

This year has seen the Foundation distribute \$3.668 million to around 230 charitable projects in the ten years since inception. We celebrated the anniversary with over 100 Friends of the Foundation in March this year. A highlight of the event was a touching but amusing address by family friend Father Christopher Myers, on behalf of St John's Youth Services. Bill was Patron of St John's Youth and it is fitting that the Shareholder Appeal and donations of \$61,000 received in his memory have been directed to this worthy charity, in aid of the Youth 110 project. Donations were also received in memory of our eldest shareholder Rosalie Bate, and I thank her family for their continued support.

Over the past financial year, the Foundation distributed \$572,840 to 27 Australian charitable projects, including a distribution from the Corpus of \$100,000 to the

University of Adelaide Health and Medical Sciences Building project. In addition, the eighth annual Foundation Golf Day was held at Kooyonga in perfect conditions and over \$113,000 was raised for Kiss Goodbye to MS, the national fundraising campaign of MS Research Australia. I had the pleasure of presenting the cheque to CEO Dr Matthew Miles, and to hear of the exciting progress they are making in the research, treatment, and ultimately, cure for multiple sclerosis. I once again thank the many sponsors, in-kind donors and organising committee for their contributions to this highly successful event.

Coopers employees have rallied behind the cause of the Foundation and generously donated over \$23,800. This year, two donations were made in their name to the Muscular Dystrophy Association SA Grown Ups Getaway, for clients and their carers to enjoy a much needed respite, and the Yarra Ranges Special Developmental School, to purchase a special purpose bus for severely ability impaired children to go to school.

The Foundation continues to benefit from the non-operational fundraising efforts of the dedicated team at Coopers, including tours of the Brewery (by the public), which raised over \$45,000, and recycling of waste material at the Brewery, generating nearly \$55,000. The Friends of the Foundation, including our corporate partners and shareholders, generously contributed over \$330,000 in donations.

As part of its four year \$4 million commitment to establish a perpetual investment fund, Coopers Brewery again donated \$500,000 to

the Foundation for investment in the Corpus, taking the total to \$3,500,000 since 2013. The Foundation Investment Committee continues to oversee the management and investment of these funds. There remains a commitment for one more donation of \$500,000 to be made next June. As Chair of that Committee, I would again like to thank Rob Patterson, Simon Hele, Haydn Duffield, Michael Shearer, Brad Grunert for their time and efforts and to Rod Gillies from Macquarie. Income raised from the Investment Fund pays the Executive Officer's part-time salary and the surplus is reinvested.

I continued my appointment with the philanthropic committee for the Prime Minister's Community Business Partnership, and have been involved in a small working group examining options surrounding social impact investing, as well as assisting the Department of Social Services with the publication of the Partnership's Annual Report.

A great deal of work is required to successfully administer the Foundation, and much is performed in our small team's spare time. I would like to especially acknowledge the assistance of our EO Ginta Orchard, Governor Leanne Gelly and Kym Wilson for their dedication. Thanks again go to Scott Fleming and the team at KPMG who conducted the audit of the accounts free of charge. Finally, I wish to thank my other fellow Governors Tim Cooper, Kevin Scarce and Haydn Duffield as well as Patrons Glenn Cooper and Jo Cooper for their continued efforts and support of the Foundation, ensuring our mission to make a difference is achieved, brewing support for the community.

MISSION STATEMENT

The Coopers Brewery Foundation aims to improve and protect the quality of life of Australians, by providing support to charitable organisations with recognised strengths in medical research and health care, in youth education and aged care, and in fostering family and community support based on Christian values.

WILLIAM THOMAS (BILL) COOPER OAM 1/12/1932 - 11/11/2015

Family, staff and supporters of Coopers Brewery were saddened by the passing of William (Bill) Cooper in November following a long illness.

Bill joined Coopers Brewery in early 1960, and from 1965 to 1985 was responsible for marketing and sales. In 1969, he was appointed to the Coopers Board as Director and Company Secretary.

He became Managing Director in 1977, a position he held for almost 25 years. After providing nearly 50 years of service to the company Bill retired from the Coopers Board in October 2009.

For much of the 1990s, Coopers' brewery at Leabrook suffered from a lack of brewing capacity. By 1997, Coopers had also run out of warehouse capacity, which prompted Bill to recognise the potential of the property formerly owned by Transport SA at Regency Park. Thanks to this vision, Regency Park Distribution Centre subsequently became the new home of Coopers.

In 2006, Bill became Patron of the Coopers Foundation, a position he held until his passing.

Two weeks after his death, a memorial celebration was held at the brewery. Heartfelt condolences and memories from friends and colleagues were shared with Bill's family.

IN MEMORIAM: ST JOHN'S YOUTH SERVICES

Project Youth 110

A new era in responding to young people in crisis began in September 2012 with the opening of youth110 - a first response to homelessness provided in 30 self-contained apartments over 4 floors, with full-time care and case management support available on-site.

"St John's Youth Services is only able to support young people from homelessness to a home of their own through the wonderful support of organisations like the Cooper's Foundation. Our conviction that all young people can achieve their potential if given the opportunity was shared by Bill Cooper, our friend and Patron of many years. We are thrilled to be able to continue our work in his memory." Wendy Malycha CEO

Funding for this project is provided in the 2017 financial year

IOTH ANNIVERSARY

In March 2016, the Foundation celebrated with over 100 Friends of the Foundation the 10th Anniversary of the Foundation. The founding Governors of the Foundation included Tim Cooper as Chair, Melanie Cooper, Haydn Duffield, Rex Keily and Colin Jenkins with Lisa Botten as the Executive Officer. Matthew Cooper, Leanne Gelly and Kevin Scarce would later join as Governors and Ginta Orchard as Executive Officer.

Ten years after that first meeting in March 2006, the Foundation has donated close to \$3.4 million to around 220 charitable projects. Fundraising has come from various sources such as tours of the brewery for over 20,000 visitors, recycling of on-site scrap materials, corporate presentations given by Tim and Glenn Cooper, golf days, venue hire from three concerts, and donations from our shareholders, family, staff, corporate partners and the public. In 2013 the Foundation established a Perpetual Fund to generate further streams of income and to ensure its future in succeeding generations.

SHAREHOLDERS APPEAL

CURE4CF FOUNDATION

Gene therapy research

A cheque for \$31,900 was presented to the Cure4CF Foundation as part of the 2015 Shareholders' Appeal.

The most advanced research in the world seeking a cure for CF is happening in Australia. The Adelaide CF Gene Therapy Research Group, based at the Allan Scott CF Research Laboratory at the Women's & Children's Hospital, has delivered a number of world-first outcomes in the pursuit of a gene therapy based cure for the airway disease caused by cystic fibrosis. The aim is to fast-track the work of the research team to the point of human clinical trials.

Funding for this project is provided in the 2016 financial year

GOLF DAY

MS Research Australia's Kiss Goodbye to MS campaign was the beneficiary of the Foundation's 8th annual Golf Day.

The event, held on April 29th at Kooyonga was attended by 32 teams comprising 129 players. With 13 hole sponsors providing a variety of activities on the course, this year's event was the most successful to-date raising over \$113,000.

This year, in memory of our Patron Bill Cooper, Jo Cooper donated some of Bill's whiskies and brandies for auction, and a wine well was created for guests to purchase individual bottles, with a chance to win Bill's 1982 Penfolds Grange Hermitage. Patron Glenn Cooper's son-in-law Nathan Casserly, of Ouwens Casserly, once again conducted a highly successful auction, aided by the generosity of the guests. For the second year in a row, three of our sixth generation family members, Rachel Cooper Casserly, Nick Braund and Emma Brigden, volunteered on the day and at the dinner, looking after guests.

The Foundation this year supported the valuable work of MS Research. The success of our Golf Days can only be achieved by the outstanding support of both individuals and companies through their sponsorships, participation, in-kind support and donations.

MS RESEARCH AUSTRALIA

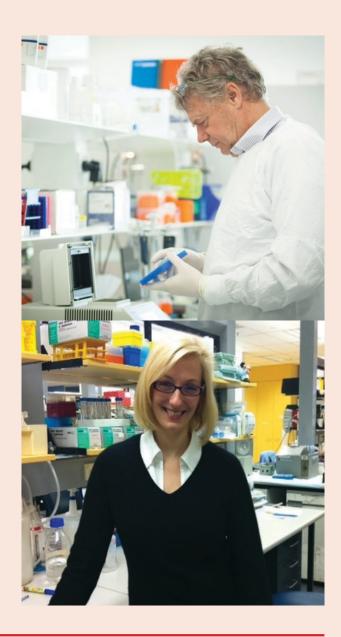

KISS GOODBYE TO MS

Kiss Goodbye to MS is the national fundraising campaign of MS Research Australia, whose mission is to accelerate Australian research into the cause, better treatments and ultimately to find a cure for multiple sclerosis. All funds raised through Kiss Goodbye to MS go to funding ongoing Australian research projects into MS.

MS is the most common neurological disease affecting young adults, approx. 2.3 million people worldwide live with MS. The average age of diagnosis of MS is just 30, and affects three times more women than men.

Over the last decade MS researchers have made significant developments in understanding this disease. The Coopers Brewery Foundation is supporting the research of Dr Fabienne Brilot-Turville, who is developing a diagnostic tool for bilateral and relapsing optic neuritis, an inflammation of the optic nerve which results in disturbed vision.

The cause and cure for MS has not yet been found, however with ongoing generous donations funding vital research, the cure is not a question of 'if', but a question of 'when'.

HUNTER LIFE EDUCATION

'Prevention Matters'

This preventative health education program helps ensure children in the Hunter community are empowered to make healthy lifestyle choices and live to their full potential.

SCOSA

'Maximum Potential Leadership Program'

Participants undertook a range of specialised training, community excursions and workplace experiences as part of their learning, including visits to Parliament House and Coopers Brewery to learn how beer was made.

BENEFICIARIES

The following were beneficiaries of donations made by the Foundation in the year ended 30 June 2016:

MEDICAL RESEARCH & HEALTH CARE

Cure 4CF Foundation

\$31,900

Gene therapy research

Hudson Institute

20,000

Developing and testing energy enhancing foods for consumption with alchoholic beverages

MS Research Australia

Kiss Goodbye to MS campaign

113,019

Muscular Dystrophy Association SA 9,150 'Grown Up's Getaway' for clients and carers

TAD Disability Services

15,000

'Bridging the Gap' providing custom equipment for people living with a disability

University of Adelaide

New Health and Medical Sciences Building

University of Newcastle

20.000

How does stress increase vulnerability to food and drug addiction

WELFARE & AGED CARE

Australian Institute for

Male Health and Studies

10,000

Training men to support other men in their community

Reading Out of Poverty Inc

10,000

Read, Share, and Play Doveton encourages reading for disadvantaged children

Second Chances SA

30.000

Provision of a medium auto light truck for a furniture warehouse & opportunity shop

Seeds of Hope

Community Services Ltd

10.000

'Financial Choices' no interest loans scheme

St Kilda Gatehouse

15,000

'Drop in St Kilda' providing first point engagement for those working the streets

Yarra Ranges Special **Developmental School**

18,000

Partial funding towards the purchase of a 22-seater bus for profoundly ability impaired students

AUSTRALIAN INSTITUTE FOR MALE HEALTH AND STUDIES

'Menswatch'

The program is a key strategy for promoting male mental health and suicide prevention, especially in rural and outback Australia where men are most at risk.

SECOND CHANCES SA

YOUTH EDUCATION

Provision of medium auto light truck for furniture warehouse & opportunity shop

Every week, Second Chances furniture warehouse helps struggling families with preloved quality furniture, while raising much needed funds to support prisoners and their families, as they turn their lives around.

During the year, the Foundation received a donation of \$500,000 from Coopers Brewery Limited which is included within revenue from donations. This sizeable donation is to be applied by the Foundation to the Perpetual Fund, the income from the corpus is intended to grow to ensure a strong financial future for the Foundation.

The Investment Committee continues to oversee the management and investment of funds in a very challenging market.

THE COMPASS INSTITUTE

'Rakes and Panes' social enterprise expansion project

The Compass Institute disability service in Queensland purchased a ride on mower for the Rakes and Panes project, which has allowed expansion of the lawn maintenance garden team.

BALGA DETACHED YOUTH WORK PROJECT

'The Yes Project' youth engagement support program

The project provides 34 young people aged between 12 to 22 years with intensive case management and mentoring support to reduce risk and improve personal well-being.
